

May, 2023

To Our Partners For Progress Family,

As you may know, at Partners For Progress NFP Therapeutic Riding Center (PFP) individuals of all ages in our communities with physical, cognitive, and emotional challenges receive unique, individually designed therapy programs that apply clinical interventions for functional life skills gain. Highly trained and maintained horses are utilized as the main tool of intervention in these successfully implemented, goal-oriented programs. Participants at PFP - from NE Illinois and SE Wisconsin - overcome their fears, break down walls, reach goals, and achieve monumental milestones daily. For some, these are miracles.

We are currently planning the **Partners for Progress 19th Annual Dreams In Motion Hoedown – THE event of the year!** It is being held Saturday, September 9, 2023 at the PFP facility in Wauconda, Illinois. The 2022 event was well patronized by the community with over 350 paid attendees, over a dozen sponsors, 50+ volunteers, numerous vendors, and others. Over \$275,000 was raised to meet the needs of these riders and our communities!

We believe that you can help deliver the highest impact possible from this event and propel the efforts of PFP further into our communities. This year's Hoedown Committee is hopeful you will choose to be a Sponsor.

To see the riders' at PFP overcoming their challenges and improving their quality of life is something we wish you could see firsthand. Since "seeing" is not possible in a letter, here is the story of one rider, as told by her parents:

"Imagine being told your child will not walk or hold herself up, that she may not live past her current age of 3. Your world of dreams collapses. You look to navigate therapies and resources to create a team of professionals who want to raise the ceiling; make a difference. Then you walk into Partners for Progress. You see people achieving the realities of your aspirations. While listening to your daughters' multiple diagnoses and medical challenges, you are offered a program that develops a plan with goals - no hesitations. Wow! The crashing waves of tears and relief overwhelmed our hearts. Today, 4 years later, she is not only walking unassisted, but she is riding, trusting, and gaining control and confidence of her body and her environment. The team of therapists collaborate to build multi-focal strategies gaining consistent, repeatable results. Every week we have more gratitude for their efforts."

You can be part of the continued successes at PFP by being a 2023 Hoedown Sponsor. It offers not only recognition with over 680 touches per week at the barn, thousands in social media outreach on multiple formats, but also the chance to participate in changing the lives of these riders **and** our communities. It also helps to provide many of the highest quality – and longest years of service – therapeutic horses in the country. They are the unmatched tool in the outcomes for these individuals which impact our communities!

Please review the opportunities on the next page to commit as a 2023 Hoedown Sponsor. We will follow-up to discuss the best fit for your Community Impact Strategy.

We are deeply grateful and appreciate you, and your generosity. The quality of life, quality of horses, and quality of programs helping to move these riders forward *could not* happen without **YOU**. We look forward to speaking with you soon and seeing you at Hoedown!

Thank you from all of us at PFP!
