PARTNERS FOR PROGRESS NFP

A New Layer of Impact

Where Every Detail Matters

Expanding inclusive opportunities to shape the experience, beauty, and impact of our future home.

Capital Campaign

CAMPAIGN EXPANSION: A NEW LAYER OF IMPACT

As Our Dream, Our Home, Our Future continues to evolve, so does our vision for what this space can truly become. This campaign has always been about more than acquiring and renovating a property; it is about creating an environment that is **intentional, inspiring, and transformative** for every individual who walks through our doors.

Through conversations with our donors, families, and community, we recognized an opportunity to expand this vision even further by focusing not only on how our facility functions but how it is **experienced**. With this expansion, we invite our community to help shape not just the structure, but the **soul of this space**.

Elevating the Experience

While major campaign investments establish the foundation of our facility, such as our arenas, centers, and core spaces, it is the **thoughtful enhancements and carefully designed environments** that transform that foundation into something extraordinary. This initiative is not about maintaining operations. It is about **elevating every moment spent here**.

This is where function meets feeling: where a facility becomes a place of **connection, pride, and transformation**. **These opportunities allow us to:**

- Create beautiful, welcoming environments that reflect dignity and care
- Enhance the quality and professionalism of all program spaces
- Introduce purposeful design elements that support therapeutic outcomes
- Ensure every detail, from landscapes to learning tools, feels intentional
- Elevate the experience for riders, families, volunteers, and visitors

A More Inclusive Vision of Impact

Transformation happens in large milestones, but also strongly in the accumulation of meaningful details. By introducing naming opportunities at the **\$10,000, \$5,000, \$2,500, \$1,000, and Other** levels, we are creating an inclusive pathway for more individuals and families to be part of this vision.

Each opportunity supports something that is:

- Visible and tangible
- Experienced daily
- Essential to the overall environment and experience of being at Partners for Progress.

****Every donor who participates in this campaign expansion will be recognized within our new home as someone who helped bring this vision to life.****

This is an invitation to help shape our future and how it feels to be here.

Expanded Opportunities

\$10,000 – Signature Experience Enhancements

Supports defining elements that shape the look, feel, and functionality of our spaces, creating an environment that is not only **effective** but **exceptional**.

\$5,000 – Program & Environment Elevation

Enhances the spaces and tools that shape daily experiences, including experiential learning environments, equine partnership, educational resources, equipment, and landscape elements, ensuring programs feel **polished, intentional, and inspiring**.

\$2,500 – Space Activation & Enhancement

Supports outdoor, sensory, and community spaces that bring our environment to life through horticulture, irrigation, gathering areas, and experiential elements that foster **engagement and connection**.

\$1,000 – Participant Experience Enhancements

Directly impacts the day-to-day experiences of those we serve through program tools, equine care elements, and engagement opportunities representing the details riders and families feel most.

Other – Meaningful Contributions at Every Level

Offers a flexible way to contribute toward the finishing touches that complete our space, ensuring every corner reflects the **care, intention, and excellence** that define Partners for Progress NFP.

Every contribution at this level is recognized as part of the community that made this vision possible.

The Power of Thoughtful Design

At Partners for Progress, the environment shapes confidence, the space influences connection, and the details create dignity. When every element is thoughtfully designed and supported, the result is a place where individuals don't just participate, they **belong, grow, and thrive**.

Because it's not just what we build, it's how it feels to be here.

Flexible Giving Options

Partners for Progress is a registered 501(c)(3) nonprofit organization.
All contributions are tax-deductible to the extent permitted by law.

Your donation will play a vital role in our efforts to shape the experience, beauty, and impact of our future home and those we serve.
